DISTINCTIVE DAHLIAS

THOMAS LEAVITT,

Distinctive Dahlias For 1925

In issuing this catalog this year it is my purpose to bring to your attention one of the largest, if not the largest collection of High Class Dahlias in the East.

My business is that of an editor and publisher of newspapers and I became interested in Dahlias some years ago as a hobby, growing them in large numbers at my country home in Assinippi, Mass. I bought extensively, always purchasing the best creations of the East and West, as well as devoting much attention to seedlings.

As time passed by, I began to accumulate such a stock, that to plant and care for them became a problem. Last year every available foot of land was covered with these wonderful creations.

This year I have many more tubers than I have room to plant and I am offering them to the general Dahlia loving public through the medium of this catalog, at prices which I consider fair and within the reach of all. My stock is field grown, and I also have a large stock of pot grown tubers.

In my greenhouse I am growing for my own use green plants of nearly all the varieties I have. These I prefer to tubers. I am prepared to furnish these to all who prefer them, at a price much lower than is charged for tubers.

The prices given in this catalog will be superseded by the prices in the 1926 catalog.

The descriptions of the various dahlias herein are largely the original descriptions of the various creators.

I will begin to ship orders in April, as soon as the clumps can be safely divided, and will begin shipping plants in May.

GREEN PLANTS

During the last few years, many dahlia growers have given considerable attention to green plants. I have conducted, what I consider, quite an extensive experiment along this line and am entirely satisfied with the results, which have proven very favorable.

I find that green plants such as I grow and send out are sturdy growers, making nice, small and well formed tubers that possess great keeping qualities. Green plants are much freer from disease than plants grown from tubers and the green plants invariably produce larger and better flowers than tubers.

I have yet to find a Dahlia Grower who has given green plants a fair trial, who does not agree substantially with the facts stated above.

There is another great advantage in green plants and that is the price. They can usually be had at about one-half the price of tubers. Therefore your expenditure will go twice as far when invested in green plants in preference to tubers. I have no motive in recommending green plants, other than to state the facts truthfully. It makes no difference to me whether a customer desires green plants or tubers as I have an abundant supply of the latter.

I have received many flattering testimonials from customers to whom I have sold green plants.

I guarantee the safe arrival, in growing condition, of all green plants shipped, and will cheerfully replace any that do not so arrive. I will not be held responsible for more than the purchase price. Plants not received in growing condition must be returned immediately, all forwarding charges prepaid.

Colleen Bawn

Colleen Bawn is one of the beautiful Hybrids in our garden that has been a free and consistent bloomer. Known as seedling Kernan 102, it attracted unusual attention, not only in the garden but in the exhibition halls.

I have grown it three years and it has always been the same satisfactory dahlia. The long shaggy petals are slightly twisted which gives it an unusual appearance. The color is deep pink with a slight tracing of lavender. The center comes full to the end.

One of my customers writes as follows:—"In the Spring of this year, you sent me a Dahlia K. No. 102 which I have planted and have taken considerable care of in order to obtain the best results. I believe that I have been fully rewarded for all of the attention given this Dahlia. The first two or terminal blooms which appeared on this Dahlia, were 9 1-2 inches in diameter; the side shoots of this plant which numbered 11 gave me 11 blooms, no bloom being less than 8 inches in diameter. I consider this Dahlia to be one of the most beautiful specimens I have ever seen. Tubers $5.00; Plants $3.50."
President Wilson

This dahlia is second to no decorative in this country today. This fact is evidenced by the great popularity it enjoys, not only in the show room, but in the garden as well. It always wins when shown here and attracts instant attention. It is a true type decorative and grows very large. The color is a light crimson, each petal distinctly tipped white. Full, tight center. Our superintendent who originated this splendid variety, says, "Tell them we have the genuine original stock and plenty of it." It is one of the few real leaders in this country today and should be grown in every garden.

Tubers $2.00 net; Plants $1.50 net.
**Big Values in Special Collections**

The year 1924 was my banner year for growing stock, and although we experienced one of the worst droughts in our history, in this section of the country, my tubers grew wonderfully well. They have kept practically 100 per cent and I have a very large stock of tubers on hand. I grow nothing but the best varieties and want to reduce my stock very largely to make room for this year's plantings. I shall plant a larger number of seedlings than ever before, and shall also plant a large number of tried seedlings of 1922, 1923 and 1924.

I must have room. I am making a specialty of offering collections, my choice, of named varieties. I consider that I am giving splendid value for the money.

For $3.00 I am offering 12 named varieties, all different, including one that catalogs for at least $2.00.

For $5.00 I am offering 12 named varieties, all different, including two that catalog for at least $3.00 each.

For $8.00 I am offering 12 named varieties, all different, including three that catalog for at least $2.00 each.

For $10 I am offering 12 named varieties, all different, including four that catalog for at least $2.00 each.

For $15.00 I am offering 12 named varieties, all different, including seven that catalog for at least $2.00 each.

For $20.00 I am offering 12 named varieties, all different, including six that catalog for at least $3.00 each.

For $25.00 I am offering 12 named varieties, all different, including eight that catalog for at least $4.00 each.

For $25.00 I am offering 24 named varieties, all different, including five that catalog for at least $2.00 each.

For $50.00 I am offering 36 named varieties, all different, not one of which catalogs for less than $1.50 and including eight that catalog for at least $3.00 each.

I am prepared to make up special collections for any amount from $3.00 to $200.00 that will please even the most fastidious.

All quotations in this entire catalog are subject to stock being sold.

**YOU WILL SAVE MUCH TIME AND BE SURE OF YOUR ORDER IF YOU WILL SEND A LIST OF YOUR SECOND CHOICE.**

**First Prize Collection**

At the combined shows of the Dahlia Society of New England and the Massachusetts Horticultural Society held last September in Horticultural hall, Boston, I was awarded First Prize for the best twelve Decorative Dahlias of New England origin.

Following is a list of the twelve New England dahlias that took the prize.

Rules For Ordering

GUARANTEE—Every care is exercised to ship bulbs and plants in good condition and true to name. Bulbs and plants sent out by me, should be examined on arrival, and if not satisfactory, returned at once. If kept beyond reasonable time, it is assumed that stock is satisfactory. I will cheerfully replace any bulb or plant that does not come true to name or refund money on return of clamp, but will not be held responsible for any amount in excess of the purchase price.

SUBSTITUTION—I never substitute unless requested to do so. It is well however in ordering late, to name a second and third choice.

POSTAGE prepaid on all retail orders that are mailed amounting to two dollars or more. I also pay insurance. It is well for you to enclose special delivery stamp with your order. Dealers orders are F. O. B. Boston.

TERMS are cash with order unless other arrangements are made.

References as to my business standing can be obtained from the Beverly Trust Company, Beverly, Mass., or from the Chamber of Commerce, Beverly, Mass.

Distinctive Dahlias For 1925

A. C. Lawrence, sometimes called A. C. L., (H.D.)—One of the best shell-pinks we have; great plant, free bloomer, upright center. Was very favorably commented on at the Eastern shows. Tubers $1.50; Plants $1.00

Arthur Twitchett, (A. C.)—Coloring a faint blush pink turning to white late in the season. Stems are excellent and the plant is a free bloomer. Flowers are large. Tubers $1.00

Adelaide Bareras, (D)—Stem, color, foliage and keeping qualities are unequalled. The flower is large. Color is a combination of autumn tints, old gold, burnt senna and Cologne earth. Plants $1.00

Agnes Haviland, (D)—Large flowers on strong stiff stems; of perfect type; color a fine rose pink slightly suffused with yellow. A very fine variety. 5 to 6 feet. Tubers $1.00

Aiborita, (D)—An immense flower of a lavender or violet pink, shading to white, with a rich golden yellow at the center. Flower is deep and full. Stems long and stiff. Tubers $1.50; Plants $1.00

Albert Ward, (D)—An immense flower on long stems, profuse bloomer, color deep purple. A most attractive flower. Tubers $1.50; Plants $1.00

Alex. Waldie, (D)—The flowers are large, held above the foliage on fine stems, and the coloring is creamy overlaid with delicate salmon-pink. Tubers $1.50; Plants $1.00

Al Koran, (D)—Yellow suffused with golden-rod and amber. The petals of this flower have the marbel wave which makes it very attractive. It won the first prize at the San Francisco and Oakland Shows in 1922 for the best-established seedling. Tubers $2.50; Plants $1.25

Al Malaikah, (D)—Salmon shading to orange yellow, suffused with old rose. Impossible to describe the beauty of this dahlia. Tubers $1.50; Plants $1.00

Altadena, (D)—A fine large white, stems and habit good, fine form. Tubers $1.50; Plants $1.00

Ambassador, (C)—First Prize for “The Best and Most Artistic Dahlia in San Francisco Dahlia Show.” Color, soft yellow centre with salmon, amber and pink shadings. The flowers are the largest and set just right on perfect stems. A strong grower, free bloomer, fine keeper. Tubers $3.50; Plants $1.75

Amun Ra, (D)—The winner of the 1921 Gold Medal at the Palace Hotel, California show. A very large flower of copper, gold, orange and amber shades, coming often with a button center. The stems are erect and stout. Tubers $2.00; Plants $1.00

Anna Maier, (D)—A huge flower, pinkish red like old velvet, varying to soft yellowish red towards the center. Stiff stems. Excellent for exhibiting beautiful for cutting. Tubers $1.00

Attention, (P)—A 1923 introduction. Splendid upright stem. The colorings are a light claret wine, shading to pink, each petal being heavily tipped with white. Tubers $1.50; Plants $1.00

Augusta R. Johnson, (D)—Yellow but shaded salmon; flowers very large and full centered; the color is very attractive. Tubers $1.50; Plants $1.00

Autumn Glory, (P)—An immense flower; distinct shade of bronze cinnamon, burnished with terra-cotta. Strong, robust grower; very long, graceful stems and a free and constant bloomer. Tubers $1.00
Blue Bird (Greens), (D)—Deepest tone of lilac, with a bluish sheen the nearest to a blue dahlia yet out. Was much admired at the shows last fall.

Plants only $1.50

Blue Bird, (P), (Bessie Boston)—An exceptional color of the deepest tone of lilac, which in certain lights has a bluish sheen. A huge blossom held on stems long and stiff......................................................Tubers $1.00; Plants $1.00

Black Jack, (D)—One of the deepest maroon colored dahlias in any type. Color is so dark it can almost be described as black. Flowers are large and full. Blossoms are carried well above the leaves. Bushes grow tall and blossom generously. It is a distinct addition to any garden...Plants only $2.50

Boston White, (D)—One of the best decorative. Pure white, large full flower, tight center. Plant and stems excellent. A flower I can recommend.

Tubers $2.50; Plants $1.25

Bride's Bouquet, (C)—An early and profuse bloomer, purest white in color. flowers medium to large. Stems long, straight and erect.............Tubers $1.00

Bonnie Brae, (D)—Cream, shaded blush-pink; the flowers are of true decorative form and immense in size, one of the best........................Tubers $1.00

Bertha Story, (D. P.)—A very large flower of rose pink on long stem. Sometimes has a wide white stripe through center of each petal and sometimes is a true decorative. A splendid flower..............................................Tubers 75c

Bertha L. French, (D)—Clear shell pink of great size on long wiry stems held well above the foliage. One of the good ones. Tubers $2.00; Plants $1.00

Ballet Girl, (C)—English cactus type but with a better stem than most of those imported. Most of the flowers are orange with a white edge, beautiful and very large.................................................................Tubers $1.50; Plants $1.00

Baba Bott, (H.D.)—Murphy's best pink, comes white and bleaches pink as the flowers mature, fine stems. Its only fault is it blooms too freely. This is by far the best..............................................................Tubers $3.00; Plants $1.50

City of Lawrence, (D)—An improvement on any of the yellow decorative dahlia that has been produced to date. At American Dahlia Society Trial Gardens at Storrs, Conn., in 1923 scored 88 points, which was a fine showing for a yellow dahlia, when we know how many yellows there are in the dahlia family. The flowers are mammoth in size. Judges at the Storrs Trial Garden reported "City of Lawrence" as a "Dahlia of excellent flowering habit, color piccy yellow, shading to lemon yellow, size of flower 7 to 8 inches and 2 to 6 inches deep, stem slightly drooping.".....Tubers $7.50; Plants $3.50

Charles Stratton, (D)—A grand exhibition fluffy Decorative, having been awarded sixteen prizes in State of New Jersey for size and artistic coloring. Color is pale gold, shaded and tipped with old rose. Profuse bloomer. straight stiff stems..............................................................Tubers $7.50; Plants $3.75

Chou, (H.C.)—Pink of the old fashioned rose, but heavily shaded with white until the cool fall days, when the flower is without shadings. Very deep and large, and full centered at all times. Regularly formed. Stem is stiff and holds the blossom up firmly. The first blooms of this variety will on close inspection show multiple buds at the back of the flower. These can be removed with a sharp knife as the flower unfolds if it is wanted for exhibition purposes.................................Tubers $3.50; Plants $1.75

Cid, (H.C.)—It is a flaming orange exactly the shade of a ripe pomegranate. The flower is very big and of rather loose formation. It is a perfect bloomer on an excellent stem.............................................................Tubers $3.50; Plants $1.75

Cinderella, (H.C.)—The long outer petals are tubular and pointed, but towards the center the florets have a tendency to flatten. An immense, deep, full flower of incurving formation. It is pale salmon, or fawn pink shading to a tan center.................................Tubers $7.50; Plants $3.50

Clara Finger, (D)—A beautiful shade of yellow, each bloom is immense size......................................................................................Plants only $1.50

California Superba, (D)—A beautiful pink flower. The stem is stiff and holds the blossom up straight. It produces masses of blooms. The flower is composed of narrow petals of a delicate shade of pink without any blue tone, and shades gradually to a white center. The petals are long and narrow and form a bloom of unusual depth. This is one of the best.

Tubers $3.50; Plants $1.75

Cambria, (D)—Rich pink toning to white centre, massive full flower, with broad petals, quite erect on long rigid stems, free, very fine. Award of Merit, Royal Horticultural Society. First Class Certificate, National Dahlia Society. One of the best.............................................................Tubers $1.50; Plants $1.00

Caribee, (H.C.)—A. D. S. Certificate of Merit, Storrs, Conn., 1921. The groundwork is a rich Tyrian rose with lines of cream through each petal, and lightening to cream at the tips, with cream reverse. The florets are rolled and twisted.............................................................Tubers $1.00
Carmel, (P)—Delicate shell pink, shading to white. Immense blooms, on good stems. Center is filled with petaloids... Tubers $2.00; Plants $1.00

Carmencita, (D)—Graceful and beautiful. The yellow blossom is regularly striped red. The plant is a mass of flowers all season... Plants $1.00

Catherine Wilcox, (D)—Flowers refined of form and of a most attractive color; white, points of petals tipped cerise... Tubers 50c

Cigarette, (H.C.)—Creamy white, heavily edged orange. The petals are long and narrow and inclined to roll. Bloom is large and of good substance. Stems stiff... Tubers $2.00; Plants $1.00

Cleopatra, (P)—Yellow with reddish reverse, the largest of its type. Very free bloomer... Tubers $1.00

Collingswood, (P)—Brilliant carmine blooms of enormous size. The petals are broad and heavy, with enough wave and twist to make the flower very attractive. Long stems... Tubers $1.50; Plants $1.00

C. W. Hayden, (D)—A fine rich purple, enormous size and for exhibition it is a wonder... Tubers 50c

Carolyn Wintjen, (D)—A salmon pink with rose shadings. Large flower with a good stem. A vase of these received First Prize at the California State Floral Society's 1920 Exhibition... Tubers 50c

City of Portland, (P)—This is the grandest dahlia ever grown. Color deep clear rich yellow. The blooms are 8 to 10 inches in diameter. The stems are extra good... Tubers $1.50; Plants $1.00

Daddy Butler, (H.C.)—This is a large hybrid cactus of the truest form for exhibition. The many petals are perfectly rolled. The color is of the American Beauty rose shades, or rosy carmine. The reverse of the petals is a lighter tint, giving a variation of color. Stem is perfect. Plants only $1.50

Della V. Potter, (D)—Wonderful lavender, with the best of habit, large flowers, on long stems. One we can recommend to our trade. Plants only $1.00

Dr. Raymond, (H.C.)—The flower is pink, suffused with yellow, and heavily splashed and striped with deep crimson. Rarely, if ever, produced a bloom of solid color. Stem has necessary length and stiffness for cutting... Tubers $4.00; Plants $2.00

Dr. Marshall A. Howe, (D)—A magnificent large light pink, edge of petals a shade darker; flowers nine inches in diameter. For exhibition, exhibition hard to beat... Tubers $3.00

Dakota, (D)—Large flowers stand erect on strong, stout stems, color shade of flame; vigorous grower... Tubers $4.00; Plants $2.00

Dawn, (D)—A color combination of orange and yellow. Good type. Has grown fine with us. A really good flower... Tubers $1.00

Dorothilia, (P)—It is a strong grower of exquisite formation, a profuse bloomer, has good stems and keeping qualities. It has golden yellow ground color lightly shaded with pale salmon, with slight flashes of sunset red. Plants $1.50

Dr. Flood, (D)—Red, with small white petals mixed, making it very striking. Large full flower... Tubers $1.00

D. M. Moore, (D)—A deep velvety maroon shading to nearly black at center. Blooms very compact in form... Tubers 50c

Dr. Barnes, (P)—Heavy petalled, growing from 7 to 8 inches. Color rich turkey red on face, reverse is veined with a blending of red to yellow. Foliage good, stems strong... Tubers $5.00; Plants $2.50

Dr. Tevis, (D)—A magnificent blossom of a blend of copper, old rose and old gold. Immense flower with the best possible stem. Has a tremendous record as a prize winner... Tubers 75c

Elberon Beauty, (D)—As its name indicates, a beauty; a large exhibition flower of soft apricot shading to a slightly darker tone toward the center. Perfect stems and an excellent keeper... Plants only $2.50

Eliza Clarke Bull, (D)—In the 1923 show given in San Francisco by the Dahlia Society of California, this decorative won the Rookwood vase for the best white dahlia, at least three years old and new to commerce, three or more shown with their stems. It also won the previous year for the best two year old exhibition. This is one of the biggest and deepest flowers of its class. The form is perfect and the petals are just enough irregular to prevent it from being stiff. It has, however, a heavy, firm stem, which carries the flower erect and out of the foliage. Blooms generously on bushes of medium height... Plants only $3.50

Eva Cole, (D)—An unusually large, splendid built, bright, clean, red and gold flower; naturally one of the largest grown flowers to date. With no feeding of any kind quite a few had 10 inch and better blooms. Under good care, weather and water, you will have to step some to beat it for quantity, quality and size... Plants only $5.00 net.
Ester of Hav-a-look, (D)—A full flower, that practically does not open, grows universally seven one half to eight inches diameter, fine stem. This Dahlia is nearer a true cerise in coloring than any other before the public today. Even with age, shows only a slight trace of magenta; the reverse is slivery and occasionally shows through the petals, which slightly twist at the ends, thus giving it a silver tip effect. Tubers $5.00; Plants $2.50

Ethel M. (H.C.)—The plant is always covered with large blooms of the most pleasing and attractive shade of glowing amaranth pink at the base of the perfectly quilled petals, gradually shading lighter at the tips, with white center. This dahlia was awarded a Certificate of Merit at the American Dahlia Society’s trial garden at Storrs, Conn., 1923, scoring 88 points. Stock on this variety is very limited. Tubers $5.00; Plants $2.50

Edith Slocombe, (H.C.)—Novelty 1920 (Burgundy) A true hybrid cactus, finely formed flowers carried on long wiry stems, of a wonderful shade of rich fuschia-garnet, or shaded velvet-maroon, a most striking flower, the twisted and curled petals showing the beautiful combination of color makes this an unusually attractive variety. This new Dahlia, when exhibited at the New York and Boston shows was greatly admired and very highly commented on. Tubers $2.50; Plants $1.50

Edith Ward, (D)—Large flower held erect on stiff stem of a beautiful Bordeaux color, free flowering, one of the darkest dahlias. Won certificate of Merit of A. D. S., 1920. Tubers $1.00

E. J. Titus, (P)—Color bright buttercup yellow of true peony type. The petals are large and have a graceful twist; the inner petals are smaller and nicely curled about the center. Tubers $1.00

Elsie Oliver, (H.C.)—Enormous creamy pink hybrid cactus. The type is perfect hybrid cactus. The stems are good. One of the real good ones.

Emma Slocombe Improved, (D)—One of the best white flowered Dahlias, very large and free flowering, has won many prizes for white Decorative Dahlia. Tubers $1.50; Plants $1.00

Empress, (C)—A most unusual coloring of lilac pink. A very large, fine exhibition variety. Tubers 75c

Enchantress, (D)—Received a First Class Certificate at the Holland Show in Haarlem, which stamps it as one of the very best. Color is a silvery pink. Long strong stems. Tubers $1.50; Plants $1.50

Esther R. Holmes, (H.C.)—Orchid pink flower of wonderful formation and depth. A continuous first prize winner. Tubers $2.50; Plants $1.50

Evelyn M. Dane, (H.C.)—Pink and cream, flowers large, stems and habit good. One of the most beautiful Dahlias. Tubers $1.50; Plants $1.00

Firelight, (D)—This is one of the best of the Mareán late introductions. It created a great deal of interest at the New York show. It is a large yellow flower carried on stiff stems. The points of the petals are tipped red. This is one of the best. Stock limited. Plants only $5.00 net

Fiery Cross, (P)—Unusually attractive, large handsome flowers of a most intense red, free flowering. Worthy of a place in all collections. Plants only $1.00

Frances E. Jones, (H.D.)—The best and largest white to date. Immense flowers on long wiry stems. Has a twist and kink to its petals that puts it in a class by itself. A strong grower that makes very full blooms.

Gladys Bates, (A.C.)—One of the popular dahlias in contrasting shades. Immense, heavy blooms of incurred petals of tan, with a reverse of rose. Perfect form, closed center, long, straight stems, and a profusion of blooms. This dahlia is but slightly removed from the English class.

Gorgeous, (P)—This peony has tremendous size, great depth, stiff long stems, and will bloom freely throughout the season. The color is a yellow, shading to bright scarlet. With scarcely any disbudding it will produce ten-inch flowers on long stems. Won prize for best 12 blooms, San Francisco, 1922. Tubers $2.50; Plants $1.00

Golden Rule, (D)—A very large deep orange-red that made quite a hit last season. Extra good for exhibition, heavy and deep flower. Originator says, “Will grow ten inches without any special cultivation.” It grew very fine in my garden. Tubers $5.00; Plants $2.50

G. A. B. S., (H.C.)—Deep golden orange shading to bronze red at the center. Large flowers, with a strong upright stem which carries it well above the foliage. Tubers $2.50; Plants $5.00

Gee Whiz, (H.C.)—This is one of the best, of large size and pleasing shape; the color is a soft buff shaded with salmon; never shows an open center. Tubers $1.00
George H. Adams, (D)—Immense blooms; color a beautiful Tyrian rose, shading from light to a very dark rose pink, edged and splashed with white.  
**Tubers $1.00**

George Walters, (H.C.)—Silver Medal prize winner. Pinkish salmon, suffused with gold in the center. One of the largest and best varieties to date. Wonderful bloomer, with long stiff stems.  
**Tubers 75c**

Gen. Custer, (D)—Very large flowers on good stem. Coral shading to yellow and sometimes tipped white. Worth while and priced very low as we have a very large stock on hand.  
**Tubers 50c**

Gladys Meyers, (D)—Immense flowers, on long stiff stems. The color is of creamy yellow; great depth of bloom, with excellent keeping qualities.  
**Tubers $1.50; Plants $1.00**

Gladys Sherwood, (H.C.)—As compared with other white dahlias this is a giant; flowers 9 inches in diameter without disbudding; erect on strong stems, very free flowering.  
**Tubers 75c**

Gloriana, (D)—A huge bloom, color a pure old gold heightened by a slight reddish glow in the centre. Long stems. Blooms freely.  
**Plants $1.00**

Glory of New Haven, (D)—Large flower with beautiful broad twisting petals, exceptionally free. The flowers a clear lavender pink distinctly veined deeper lavender, produced on long stiff stems.  
**Tubers $1.00**

Golden Opportunity, (S)—Rich buttercup yellow, shaded burnt orange directly in center of each bloom.  
**Tubers 75c**

Grace Allen Fay, (D)—Rosy crimson shading, darker in the center. Flowers are large and well formed on good stems.  
**Tubers $1.50; Plants $1.00**

George S. Harvey, (D)—Purplish magenta, suffused white, very attractive, large flower, strong grower. Quickly catches the eye and can be grown ten inches in size.  
**Tubers $7.50; Plants $3.75**

Hav-a-look Crimson King, (D)—Full to center, flowers, that will average seven inches, perfectly placed on long stiff stems, always facing the front, a rich dark Harvard crimson.  
**Tubers 3.00; Plants 1.50**

Hav-a-look Gem, (H.C.)—A creamy colored incurved hybrid cactus type, the edges of the petals are a bright vermilion shading to orange and changing again to henna with age, the petals also incurving still more ball like. Very attractive.  
**Tubers 2.00; Plants 1.00**

Hav-a-look Noontide, (D)—Of brightest orange red, tinged and streaked with yellow, averages seven to seven and a half inches, tall grower, and one of the best for the back row in the garden.  
**Tubers 3.00; Plants 1.50**

Halvella, (D)—One of the finest Dahlias. The color is a beautiful shade of rose pink, with flowers of very large size, which stand erect on long stiff stems, blooms of unusual depth and broad petals. Halvella won the first prize at the Alameda Floral Society’s Dahlia Show at the Hotel Oakland, 1922, in competition with the best California varieties. Blooms freely.  
**Tubers 2.50; Plants 1.50**

Helen Keller, (D)—Color is almost identical with the well-known pink Rosemawr, but it is an improvement on that variety, being larger and more beautiful in form.  
**Tubers 1.00**

Hello, (P)—A deep bright canary yellow, large size; stems very long and wiry; strong growth and healthy; extremely free flowering.  
**Tubers 1.00**

Lavendera, (P)—This large lavender pink dahlia comes in the peony type for me, tho' I have seen it marked “Decorative” in some catalogs. It is an excellent flower.

Lawrence Ruppel, (P)—A large fluffy flower, long stems. Petals broad and slightly incurved toward the center. Color, rich copper red, shaded apricot. A profuse and constant bloomer.

L. B. Tucker, (H.C.)—A beautiful shade of deep red, with reverse of petals pinkish red. The long rather broad petals twist completely over to show the reverse at the tips. The stem is strong and wiry. Stock limited.

Leading Lady, (D)—This is a very large soft yellow, with long flat petals; very fine for exhibition.

Lex Lord, (H.C.)—One of the most beautiful dahlias imaginable. Excellent habit with heavy dark green foliage. It has a form entirely of its own. Flowers are produced in profusion throughout the season on long, strong stems. Color is a dark maroon and white evenly distributed. One that instantly attracts attention in any garden.

Lieut. Robinson, (C)—Very pleasing, soft shade of rosy cerise. One of the largest; florets incurving, twisting and interlacing. An extra fine and constant bloomer; stems are pendent.

Liberty Bond, (D)—A blending of buff, bronze, salmon shades very difficult to describe; the flowers are large, stems strong. Requires plenty of room and good culture to produce full centered flowers.

Lorna Slocombe, (H.C.)—An immense hybrid cactus variety, of an unusual shade of orange beautifully blended with apricot shadings, very distinct and free flowering. Everyone who saw this variety at the New York Dahlia show admired it and was loud in his praises at seeing such an unusual and wonderful flower. One of the best and should be in every garden. We have the true stock.

Lorraine Woerner, (H.C.)—In color a creamy yellow shaded samon-pink. The blossoms are larger and of finer shape than Evelyn M. Dane, and have longer stems.

Loyalty, (D)—A royal purple of tremendous size and wonderful stem. A dahlia fit for any purpose and a decided acquisition to any collection. Blooms freely.

La Favorita, (H. C.)—This splendid variety is a brilliant salmon, shading from a dark reddish salmon in the center to salmon pink at the twisted points. Form perfect. Each bloom carried on a strong stem.

La Grosse Bete, (D)—Enormous flower which makes itself felt in the garden; held straight upon strong stems, and of a cerise self color.

La Toreador, (D)—A true type of crimson color; the finest of its color so far produced. It is a very free bloomer having strong wiry stems.

Lady Betty, (D)—It is a very large, finely formed flower, produced on strong, stiff stem, of a most attractive and lovely color. It is creamy white with a pinkish suffusion.

Mac Gregor, (H.C.)—American Dahlia Society’s Certificate of Merit 1922. Highest Award California Dahlia Society’s Trial Grounds 1922. The flowers are large and full, and carried on long, strong, upright stems. Color is Spectrum red, an unusual color, base of petals is lemon yellow.

Marchioness, (C)—The American Dahlia Society’s Certificate of Merit 1921. The report of the judges of the American Dahlia Society’s Trial Grounds at Storrs, Conn., is “Phlox pink, center pale blush lavender shading to white, base of petals lemon yellow. Size of flower eight to nine inches, depth three inches. Immense flowers on good stems that show flower to advantage.”

The stem is long, thick and heavy and the blossom comes well above the foliage. Won the prize for largest dahlia, Denver, 1922.

Tubers $2.50; Plants $1.25

**Polar Snow**, (D)—This is the big white decorative dahlia that scored such a success at the New York show of the American Dahlia Society in 1922. At that time and also in 1923 it was listed by the introducer at $50.00 per tuber. Owing to the death of the originator, however, it was not put on the market until last year. It is a giant white of true decorative form produced on strong, straight stems. Will sell a limited number of green plants at $8.00 net.

**Paul Revere**, (D)—This is one of the best, if not the best, red decorative produced to date. It has all the characteristics of a fine dahlia. The bush grows about 5 feet in height and the flowers stand up on long, straight stems and face front. The color is a bright crimson, somewhat darker in the center and covered with a glistening sheen. I have had stems two feet long on this flower. The flower is full and heavy being of the true decorative type. All the flowers grow very large without disbudding. It is one of the leaders and ought to be in every garden. My stock is limited.

Tubers $5.00; Plants $2.50
Tubers

Pride of the Garden, (D)—Color, deep canary yellow with petals tipped white. Occasionally some flowers come all yellow and in that case is a most beautiful flower. The flowers are large and the buds which appear in numbers should be pinched off to one in a place. Plants only $1.50

Pacific Glow, (P)—An extraordinary large pink peony dahlia, florets long and slightly twisted. Good for exhibition. A prize taker for the largest dahlia in the show. Tubers $1.00

In color a pansy purple with lavender reverse having a delightful twist to petals that gives a beautiful blending of colors. Tubers $3.00; Plants $1.50 net

Queen Josephine, (H.D.)—A rich, royal purple, suffused with white, with two veins of white running through each petal. The outer petals are of velvety texture. The blooms stand erect with long, stiff stems. Very useful as a cut flower. Tubers $1.00

Rollo Boy, (H.C.)—This dahlia won First Prize, for the Largest Dahlia and also First Prize for the Best Dahlia at the Palace Hotel Dahlia Show, 1924. This is a hybrid cactus of great size with every flower carried perfectly erect on a strong stem. A delicate shade of amber shading to old gold. The plant requires little attention as regards thinning. This variety is in every way one of the most striking advances yet made in the Hybrid Cactus section. It is a conspicuous garden plant and if desired for exhibition is the largest in this section. Stock Limited. Plants only $2.50 net

Robert Treat, (D)—This new variety when seen at the fall shows last autumn created a sensation wherever exhibited. It is a very large true type decorative, of the color of the American Beauty rose. Its striking appearance attracts immediate attention. The flower is held on a large strong stem, 8 to 10 inches long. It is one of the best of the new introductions. It won the Garden Magazine Sweepstakes at the American Dahlia Society Show in New York last September; won the Robt. Treat hotel silver cup, Newark, N. J.; and the Silver Medal of the Penn. Horticultural Society, Philadelphia last September. Stock is limited. Tubers $10.00 each; Plants $5.00 each

Radio, (D)—This dahlia created a distinct sensation at the Boston Show and has at other shows where it has been exhibited. It was one of the twelve best New England decorative in my first prize exhibit at the annual exhibition of the Dahlia Society of New England at Boston last September. Radio is one of the largest decorative grown. Its color is red and yellow, which is distributed so as to create a striking appearance. It has good stems and is free flowering. Tubers $10.00; Plants $5.00

Rodman Wanamaker, (D.P.)—This dahlia proved one of the real sensations last year. Its originators claim it is the largest flower ever produced. The buds are pale lemon yellow as each petal expands, but quickly develop into a golden bronzy pink and finally into a bright shade of Ochreous Salmon, with reflex of Spinal Pink. The bushes are tall and always covered with these immense blooms held perfectly erect on stiff stems. It sold for $25.00 last year. Stock limited. Plants only $5.00 net

Rienzi, (D)—Big flowers of great depth bright scarlet verging on vermillion, with a reverse of gold. The peculiar petal formation makes these contrasting colors most striking. The bushes are low, and we advise cutting out the central stem so the plant will branch freely. Plants $1.75

Red Rover, (D)—Rich crimson-red; flowers are extra large, composed of very broad flat petals, held erect on finest possible stems. This is one of the best and is among the leaders. Plants $1.00

Richmond, (D)—A big crimson bloom whose broad, flat petals, have an uncommon velvety surface. Stems long and stiff, blooms freely. One of the best. Tubers $1.00

Rising Beauty, (D)—A very attractive combination of scarlet and gold. Immense flowers on long, straight stems. Invaluable for exhibition and a splendid cut-flower. Has a record as a prize winner. Plants $1.00

Romany, (H. C.)—Long, closely rolled, incurved petals, form a large substantial bloom. The color is bright geranium scarlet and will not burn in the hottest sunshine. A brilliant red, not a dingy brick red. Stems are first class. Tubers $2.00; Plants $1.00

Rosa Nell, (D)—The color is a clear bright rose. The flowers are large, and it is one of the best shaped Decorative Dahlias grown, coming perfectly full and until frost; good stems and habit, but priced ridiculously low. Tubers $1.02

Price List of Gladioli

I grow several varieties of the popular Gladioli which I price very low. I will be glad to quote prices for lots of 100, 500 and 1000. The Gladioli is fast becoming among the best for cut flowers, lasting as they do a week or more if cut the morning after the first bud opens. Do not despise a young bulb of medium size, as it will give you the best flower spike where an old, large bulb will throw up two or more inferior spikes. All prices in this catalog for Dahlias or Gladioli are subject to stock being sold. All orders must be accompanied by remittance.

AMERICA—Lavender-pink; an extra large flower and one of the most desirable varieties for cutting. 5 cents each; 35 cents per dozen.

CRACKER JACK—Large flowers of rich, velvety dark red, throat spotted with yellow and dark maroon. 10 cents each. 75 cents per dozen.

EMPRESS OF INDIA—Rich, deep crimson red, velvety texture, very choice and an erect grower. 10 cents each. 75 cents per dozen.

GLORIA K.—Very large strong growing of a creamy tint with ruffled edges. Very attractive. 5 cents each. 40 cents per dozen.

GLORY OF HOLLAND—Fine white with light lilac markings in throat. Large flowers, well placed on long spikes. 8 cents each. 60c per dozen.

HALLEY—Delicate salmon pink predominates with a slight rosy tinge, lower petals have a creamy blush with a bright red stripe in center. 5 cents each. 35 cents per dozen.

IDA VAN—A most beautiful deep salmon, red or flaming orange. Very rich and brilliant colors. 8 cents each. 60 cents per dozen.

INDEPENDENCE—A brilliant begonia pink with richly marked throat. A large spike of wax-like flowers. One of the best for cut flowers and for masses: 5 cents each. 50 cents per dozen.

MRS. FRANCIS KING—The color of the flower is a light scarlet, of a very pleasing shade. 5 cents each. 50 cents per dozen.

MRS. FRANK PENDLETON—Delicate salmon-pink with a deep, rich maroon blotch on the three petals, presenting a vivid contrast; of orchid-like attractiveness; immense-sized flower. 10 cents each. 75 cents per dozen.

PANAMA—A new seedling of America which resembles the parent variety in every way, except that it is a much deeper pink. A grand variety which evokes words of praise wherever exhibited. 8 cents each. 75 cents per dozen.

PINK BEAUTY—One of the very earliest. Rose pink, with darker blotch. Long spike. Medium flowers. 5 cents each. 50 cents per dozen.

PRINCESS—Immensely wide-open amaryllis-like flowers of a rich, dazzling scarlet, marked with white on the lower portion which serves to intensify the brilliancy of the scarlet. 10 cents each. 75 cents per dozen.

PRIMULINUS-HYBRIDS—A new and beautiful race, combining gracefulness and exquisite, delicate coloring. Fine for house decoration. 8 cents each. 75 cents per dozen.
Mrs. Woodrow Wilson

This is a large, graceful decorative of wonderful beauty. The color is pale yellow at center, changing to white at the tips, thickly splashed and striped with bright crimson. It always comes with a full, tight center and is of the true decorative type. Mrs. Wilson is a sport from President Wilson and at times may come as the President does. It is sold with this understanding. It is a distinctive variety and one that attracts attention. The plant is a strong grower and flowers freely.

Directions for Reaching Farm

My farm is located in the old Indian village of Assinippi, which is 20 miles from Boston. It is reached by train to Hingham and then trolley to Queen Ann’s Corner, and thence about 15 minutes walk. Automobilists will find it handily by taking the old stage road from Boston through Quincy and Weymouth Landing and thence following the Plymouth road, which passes by the side of the farm at Assinippi, near the Post Office.
DAHLIA
ASSORTMENTS

My Selection

I make a specialty of Dahlia assortments ranging in price from $3.00 up to $200.00. These are selected with care, so as to give the best color effect and the best general variety. In numbers they range from one dozen up, and contain varieties, which, if ordered singly from my catalog would cost much more.

Place Your Order — Early —

It is also wise to give a second choice so that in case your order is late you will not be disappointed.
